MISSION  
ACCOMPLISHMENTS

At Taylor Flooring, the mission is simple. The company is in business to supply and install quality flooring to Nova Scotia's residential and commercial market—and customer experience is paramount! The principal goal for the pros at Taylor is to make each and every client feel, quite literally, “at home,” in all of their showrooms. There are no strings attached at Taylor Flooring—if all you want to do is come in for a look and collect a few ideas, no problem. Browsing is actually encouraged!

TWENTY-FIVE

Twenty-five years in any business is no small accomplishment. So as Taylor Flooring celebrates its 25th in 2018, there is much to recognize, remember and reflect upon. Considered by many locals as the gold standard in all things flooring, the company has not one, but four stores to serve their many customers throughout Nova Scotia! Headquartered in Dartmouth, the other locations include Halifax, Bridgewater, and Sydney.

IT'S ALL ABOUT YOU

The pros at Taylor Flooring genuinely understand their customer's needs, styles, and preferences. They offer the best service possible to guide YOU through the buying decisions that suit YOUR lifestyle. And they “get” that your time is important—which is why they also offer pre-scheduled appointments to meet, discuss and explore. It's a given that Taylor's specialists will offer creative solutions and design ideas to make your home or project look absolutely beautiful!

TESTIMONIAL

With so many positive customer reviews to choose from, a recent client testimonial captures the Taylor Flooring reputation nicely:

*“On behalf of the team from All-Craft, we would like to express our sincerest appreciation for the dedication and hard work you all display when working with our company and our clients. Taylor Flooring always goes the extra mile—making you our number one choice for flooring materials. Your staff are efficient and talented, making clients feel welcome in the showroom and confident in their flooring choices.”*

— The management at All-Craft

Since 1993

Serving Your Flooring Needs

NEED A FLOORIST?  
CALL A TAYLOR!

Who knew that a humble marketing campaign with a catchy slogan from years ago would become the well-worn mantra for thousands of Nova Scotians who've used the services of Taylor Flooring over the years. There's a lot to be said for traditions!

BRAND RECOGNITION

Some of Taylor Flooring's many brands are as recognizable as the company slogan. A small sampling includes:

- >CeraGres
- >Mannington
- >Mohawk
- >Olympia Tile and Stone
- >Preverco
- >Ceratec
- >Torlys

IT'S ABOUT QUALITY PRODUCTS  
AND SERVICES

It just could be that Taylor Flooring's reputation for excellence has created a marketplace myth—that the company has excellent products and services but can be a tad expensive. Nothing could be further from the truth. The Taylor inventory carries a huge selection of products ranging in price that can meet every need. The only “high end” aspect of Taylor Flooring is the quality of its service and installations!

NEW THREE-YEAR WARRANTY

One of the latest benefits under the Taylor Flooring umbrella is a brand new, three-year labour and installation warranty—practically unheard of in the industry. It's just one of the many benefits you'll enjoy if you decide to “floor” with Taylor.

# A FRIEND FOR LIFE

Nothing creates a greater sense of authenticity and warmth than a pre-oiled wood flooring. This is a finish that will serve as an enduring source of pleasure and appeal. Brilliantly enhancing the natural beauty of wood, our PreOil finish is also a perfect choice for the long-term because it makes it easy to do minor repairs, as well as to touch up and revitalize your floor's original sheen.
